

Accreditation of Proficiency Testing Providers

Published: 17.05.2021.

General documents, including Application

 [LATAK Policy for the Metrological Traceability of Measurement Results \(LATAK-D.034-07/07.2021\)](#) 

 [Requirements for accreditation of proficiency testing providers for conformity to requirements of standard LVS EN ISO/IEC 17043:2015 \(LATAK-D.048-00/05.2017\)](#) 

Accredited proficiency testing (PT) provides reliable opportunity to undertake comparisons of laboratories' competence and to have an independent appraisal of laboratories' data compared to reference values (or other performance criteria) or to the performance of similar laboratories.
